

Sports Certification Portal

Step 1: Register for an account on the
Special Olympics Online Portal for
Sports Certification

elearn.specialolympics.org/sports/learn

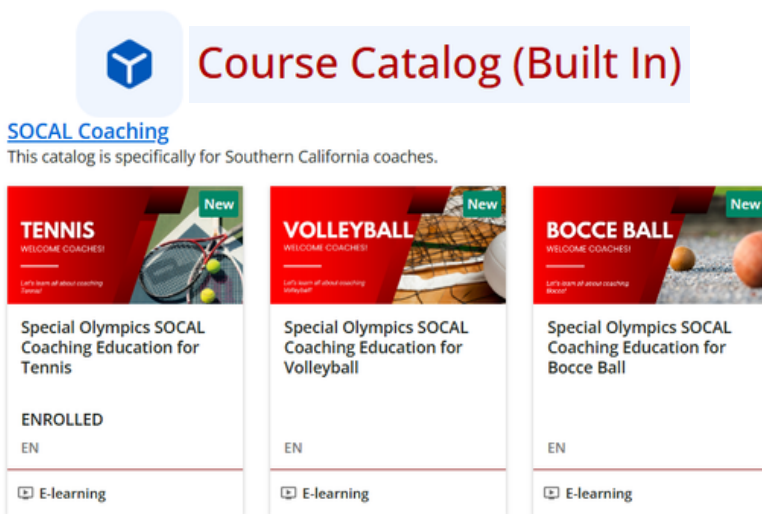

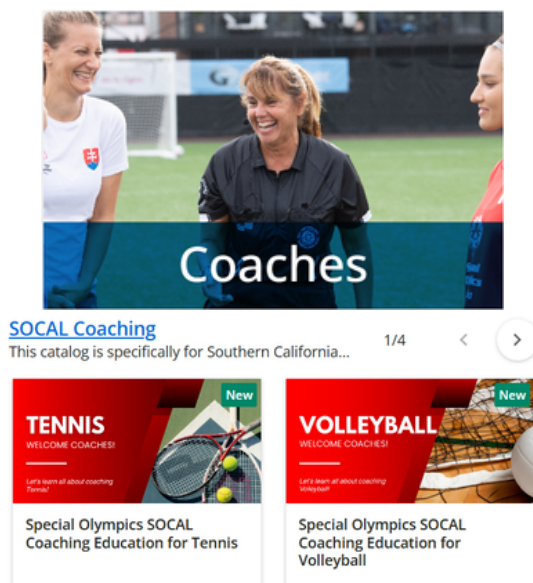

***Select "California (Southern)" as USA State when registering**

Step 2: Training courses can be accessed in multiple ways

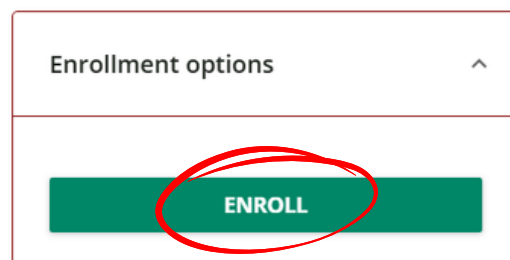

🔍 Search for SOCAL:

🖱️ Click on "Coaches" then
"SOCAL Coaching"

🖱️ Click on the User Menu in top right
corner, then "Course Catalog (Built in)"

Step 3: Select your desired sports training
course(s), then click on "ENROLL" to begin!

Visit the portal at <https://elearn.specialolympics.org/sports/learn>

Aya Bispham | abispham@sosc.org

You can access the courses you’ve enrolled in on the homepage, and through different functions of the User Menu, located in the top left corner.

FAQ

**Special
Olympics**
Southern California

My log in credentials are not working and I do not receive an email when I select “Forgot your Password?”

This most likely indicates that you do not currently have an account in the portal. Please keep in mind this site is separate from other volunteer onboarding sites, so you will have to register as a New User. Please click [HERE](#) for a video walkthrough on how to register for an account.

I don't see any of the SOCAL Coaching courses on the portal despite searching from the search bar or looking within the “Coaches” tile.

In this case, you may have accidentally selected a state other than “California (Southern)” when registering for an account. Please click [HERE](#) for a video walkthrough on how to check or change the USA in your profile.

Do I have to complete the entire course all at once?

No, you can complete the course in multiple sessions. Your progress will be autosaved to the module where you left off. Courses will take approximately 90-120+ minutes to complete.

What happens if I don't pass a quiz?

You will have unlimited opportunities to retake quizzes if needed. You may return to previously completed modules to rewatch videos, or view your answers to see corrections.

In my course, it's not letting me move on to the next module.

To advance to the next module, make sure all course content has been watched/completed or the quiz has been passed. Try to refresh the page if needed. If this issue persists, please reach out to abispham@sosc.org for support.

I completed the course, what now?

Download certificate

Congratulations! There is a course completion certificate that can be downloaded for your record. The portal does not send you an email upon finishing a course, but your completion will be saved to the portal's reporting system. A sports certification will be updated to your profile in our registration system and you can immediately begin or return to training and competition. Please reach out to your volunteer manager if you have questions regarding next steps for onboarding.

Visit the portal at <https://elearn.specialolympics.org/sports/learn>
